Declaration
I hereby signify my willingness to stand for office as candidate for:

Program Committee

I agree, that if elected, I will adhere to the Bylaws and Policies and Procedures of NANOG currently in force and as may be amended by the membership from time to time.

1) Provide a brief biography of recent experience, associations, and affiliations relevant to serving on the NANOG Board of Directors or NANOG Committees. Please be as specific as possible.

I have worked for Cox Communications for 11 years, starting as an engineer that built out the core backbone as well as the entire Peering infrastructure. NANOG is
an excellent conference that gives network operators and representatives the opportunity to share experiences, discuss new technologies, and interconnect. I now own the Cox core network as a product, which includes our interconnection strategy, Peering/external connectivity infrastructure, IP content management, and backbone LRP. I have been a part of the NANOG community for 10 years, and have found much success from attending the meetings and fostering the relationships.
