

NANOG52 NOGLab

Sunday, June 12- Tuesday June 14, 2011

TOWER COURT A Room

Sheraton Denver Downtown

Key Sponsors

 **comcast** *As NOGLab52 Chief Scientist*

Hours of Operation

Sunday 12noon – 5pm ▪ **Monday** 4pm – 6pm ▪ **Tuesday** 4pm – 6pm

Technology Demonstration Overview

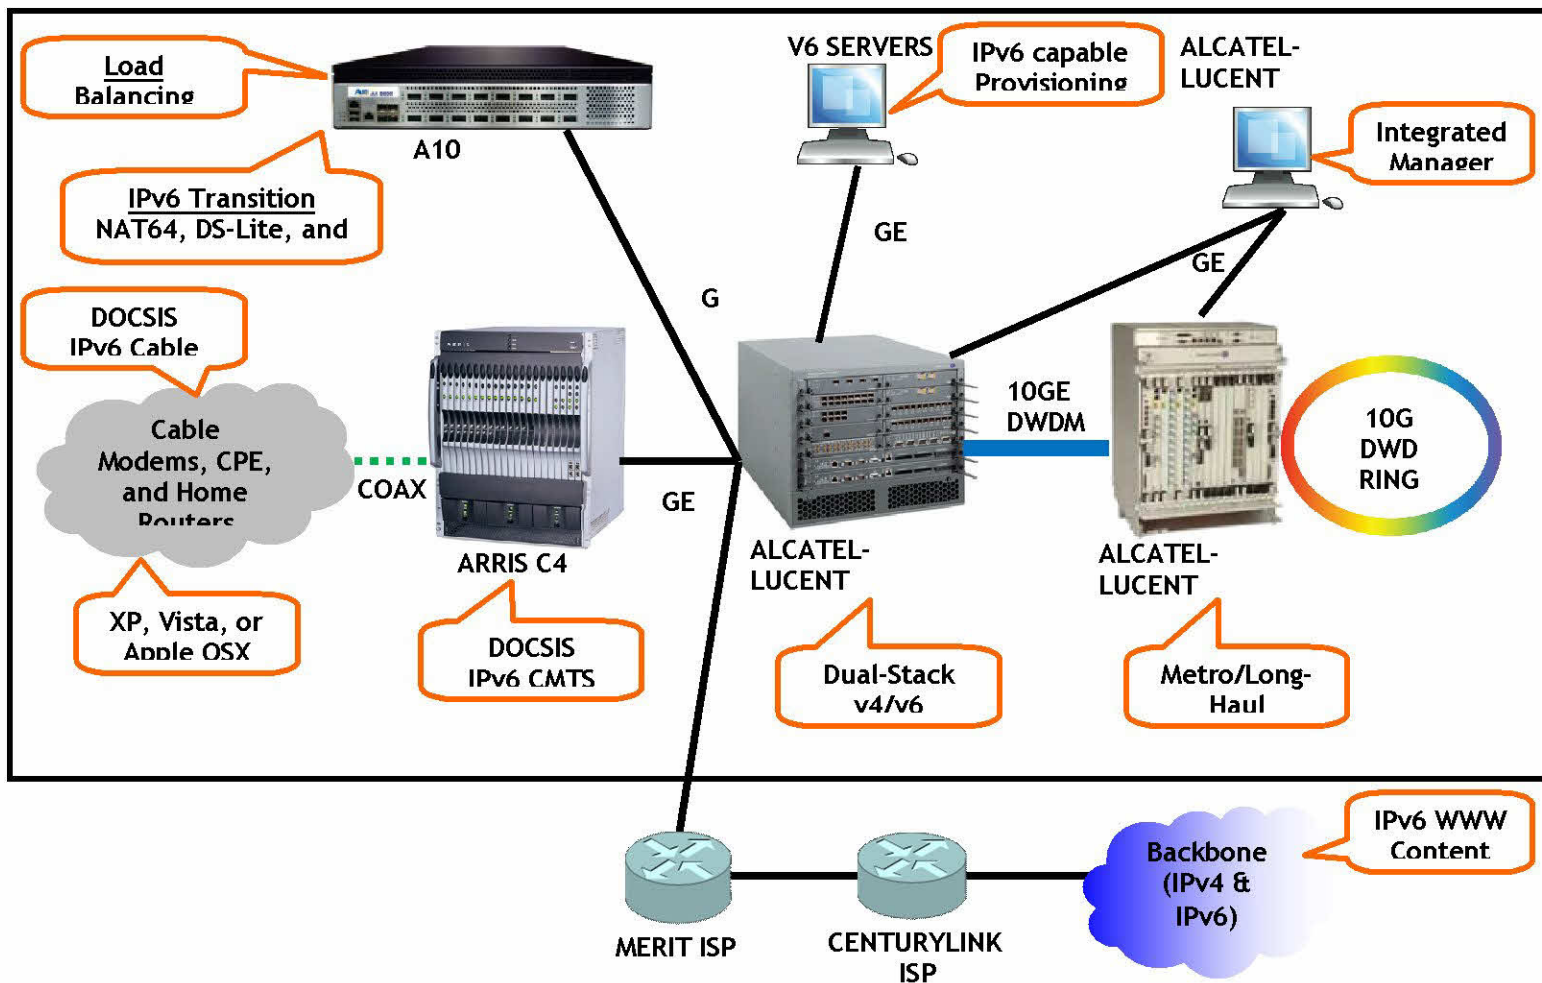

NANOG52 NOGLab will be featuring an IPv6 demonstration for the Community, providing an opportunity to view a LIVE IPv6 Dual Stack configuration that is currently in production. Technological capabilities of various hardware and software will be featured thanks to a handful of vendors who have made this possible, allowing you to experience technology, content and services first-hand.

For additional information on the vendor hardware and services, please visit their respective websites:
