

Communications Committee Vice Chair

Committee Membership Requirements

The Communications Committee will consist of at least three members selected by the Voting Member of the Board of Directors. To be eligible to be appointed as a member of the Communications Committee, an individual must be a member in good standing.

One of the primary functions of Communications Committee is the maintenance of a community mailing list (the NANOG operators list). The Communications Committee will be responsible for the administration and minimal moderation of the list.

The main NANOG mailing list serves an important role in the community by providing a day-to-day forum for network operators. Participating as a member of the Communications Committee gives you the opportunity to make a noticeable contribution.
